25 of the best blindtasted wines by Andreas Larsson in 2017

TASTED 100% Blind

This is it!

December announces the coming end of the year and the winelovers are very impatient to learn what are the best wines blindtasted by Andreas Larsson, so that they can afterwards compare their own taste to his. ^[1]_[SEP]

2017 has been a very interesting year of tasting for www.blindtasted.com with new regions like Kosovo, Moldova, Uruguay and very much more, with new producers, new varieties and a lot of discovers. ^[1]_[SEP]

Throughout this year more than 4000 notes have been given and commentaries written. And now, we want to present you 25 of the best wines of the year. Some were tasted at 7 Stars Galleria in Milano, some at Monvínic in Barcelona, others in Chile, Uruguay, Bordeaux and more! ^[1]_[SEP]

Thus you are invited to discover on our **Facebook** , **Twitter** and **Instagram** pages what those 25 wines are, every day until 31st of December. The principle is simple: one day, one wine. Here you will find the list of the 25, first the red ones and afterwards the whites, sparklings, sweets etc...
Cheers and enjoy great wines, dear friends!
